Earlsdon Park

Situated on Butts Road, one of the City's major arterial routes, Earlsdon One's position offers excellent connectivity to Coventry Railway Station and the UK's motorway network.

Onsite, Earlsdon Park also features a 100 room hotel on-site to Premier Inn, a 324 space multi-storey car park and a 620 seat theatre auditorium.

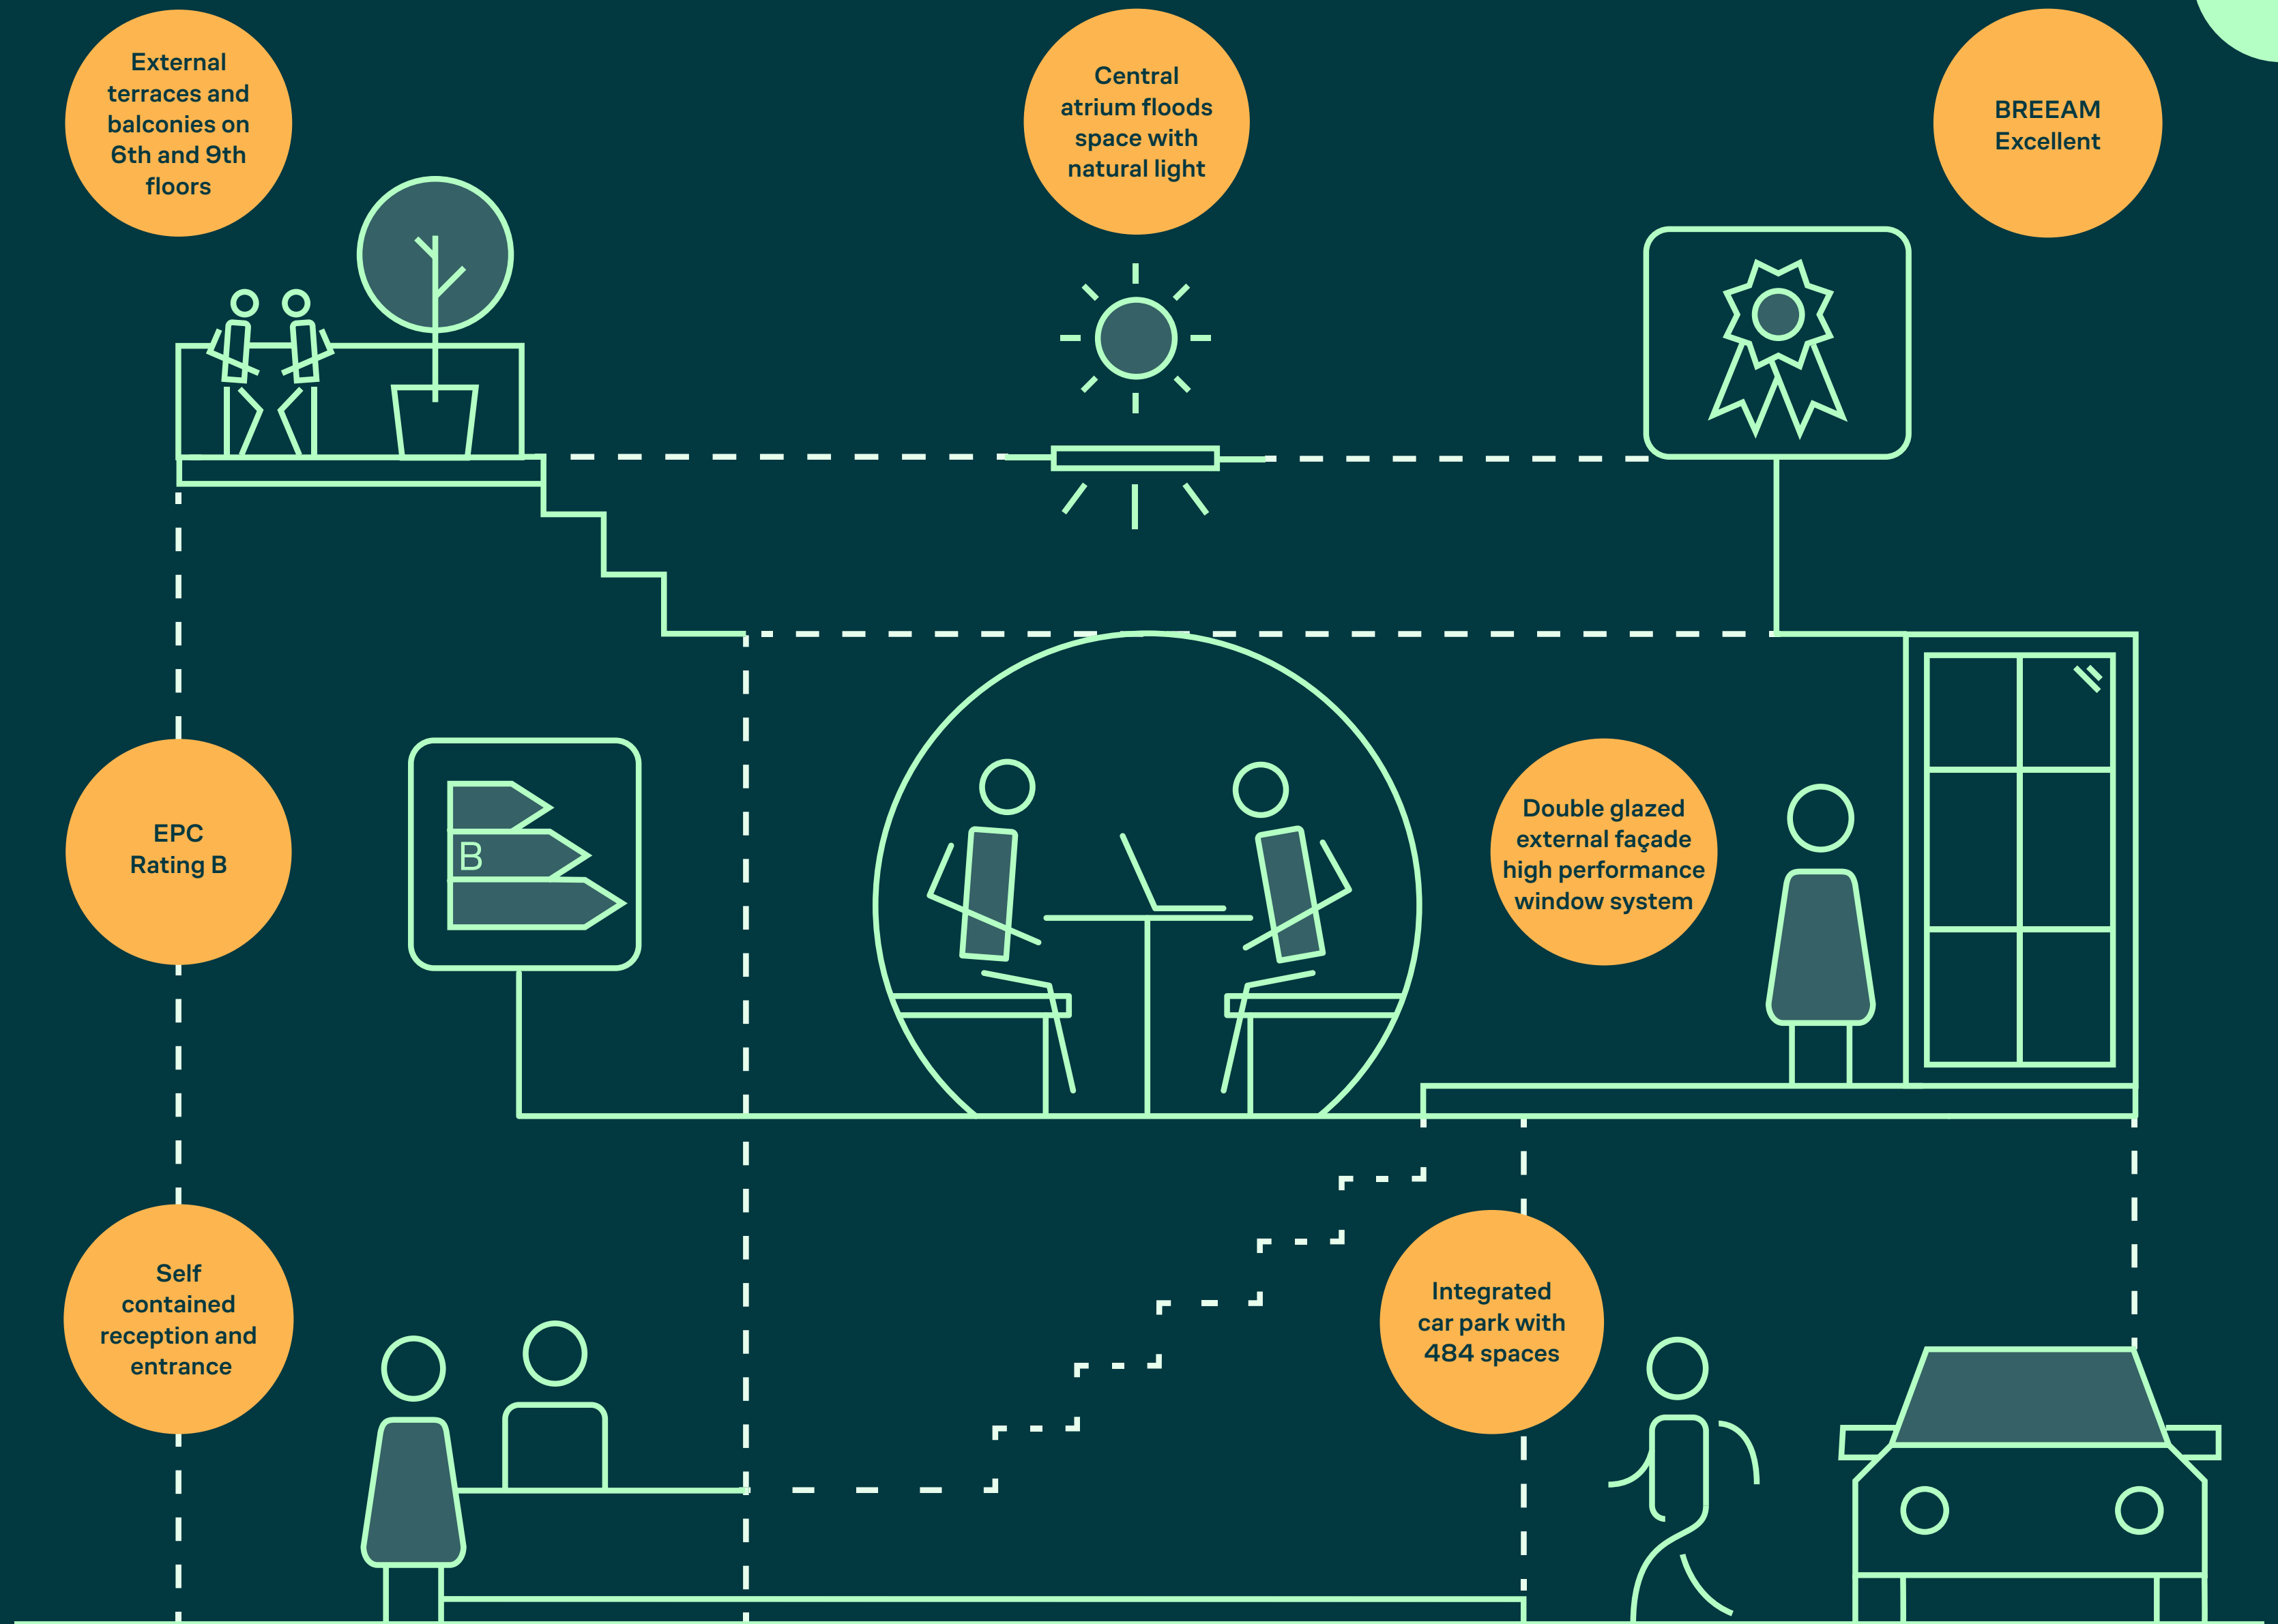

Looking to the future

Earlsdon One has outstanding environmental credentials and has a range of initiatives to lower its Energy in Use Intensity (EUI).

The building significantly outperforms the typical benchmarks for EUI by using a combination of all-electric systems and intelligent design. Leveraging these systems and operations, the building is on an accelerated pathway to achieving Net Zero Carbon by 2050 which in turn will provide occupiers with reduced operating costs far into the future.
